

OUR WINE LIST

Wine is one of the most ancient beverages in the world. Since it's beginnings as a home-made artisanal beverage, it has developed into a global cult product involving both, small wine-grower families and respectable historic producers, *Châteaux* and *Domaines*. This progression has also led to several winemaking philosophies and approaches, like Organic, Biodynamic and low-intervention wines. Our wine list reflects all these philosophies and the great *terroirs* of Europe, because we believe that these wines perfectly complement and underline the very pure, unique and high quality products used in the cuisine of our Chef, Oskars Sprukts.

We think that great wine lists are not necessarily the extensive ones but also those which carry a special philosophy or idea behind them and the teamwork of the Chef and Sommelier!

We have gathered our experience and respect for wine through visiting many wine regions and we would love to bring the story back and share it with you!

We hope that you will enjoy our wine selection/Vincent's vineyard complemented by our stories!

Raimonds Tomsons, Head Sommelier & Restaurant Manager, A.S.I. Best Sommelier of Europe and Africa 2017,
A.S.I. 3rd Best Sommelier of the World

Roberts Brencēns, Sommelier

Linda Karpenko, Sommelier

"Wine is one of the most civilized things in the world and one of the most natural things of the world that has been brought to the greatest perfection, and it offers a greater range for enjoyment and appreciation than, possibly, any other purely sensory thing." — Ernest Hemingway

The Coravin System lets you easily pour from your best bottles, without pulling the cork. No oxidation, and no waste – just enjoyment! A thin and hollow needle is inserted through the cork to access the wine. The bottle is pressurized with argon, an inert gas that has no effect on the taste profile of wine. After pouring, the needle is removed from the cork and the cork reseals, protecting the wine from oxidation, enabling us to enjoy a glass by glass, weeks or months later.
